NPT RevCon 2010

Global Petition

ican
international campaign
to abolish nuclear weapons

We, the undersigned, call for a Nuclear Weapons Convention — a treaty to abolish nuclear weapons.

Nuclear weapons pose the greatest immediate threat to civilization as we know it. We call on all countries to begin negotiating a legally binding, verifiable Nuclear Weapons Convention. The upcoming Non-Proliferation Treaty Review Conference in New York is an ideal opportunity to set the process in motion. Negotiations should proceed without interruption until all nuclear weapons are abolished.
